Students are reminded that they only have one exam time per subject. If students are enrolled in multi-level courses they only attend one exam. For example, A Year 11 student sitting a Level 2 Mathematics standard will only attend the Level 1 Mathematics exam, NOT the Level 1 AND Level 2. A Year 12 Geography student will only attend the Level 2 exam, not the Level 2 AND Level 3 exam. If there is any confusion, please talk to your subject teachers, relevant HoF, or Mr Leath.

Students with clashes will be notified of them by the relevant subject teachers involved. Otherwise, please see Mr Wisniewski.
