	1	Noise Isolation Earphones	
		BYO Device	
Te Reo Maori	1	3B1 Notebook	
Technology - Electronics		BYO Device	
Technology - Metal			
Technology - Wood			
Visual Arts			

**BYOD (Bring Your Own Device)**

The school encourages the use of a device in the classroom. For those who are unable, the school has a pool of laptops for students to borrow from the computer suite. Student will need to sign a contract to borrow these laptops at no charge. If a student wishes to bring their own device to school, the particular type is not important it can be a Mac or a windows based system they must be able to connect into the school's wifi system. If your son is doing Art Design, many students prefer an Apple Max but a windows system will suffice. In the senior school, students tend to move from using tablets/ipads to computers because of the need for a keyboard and a touchpad. As students may use their device for five classes, battery life is important, also portability and a robust case to protect the device.
