ROPE & TUBE HOUSE RELAY

EACH HOUSE SELECTS:

Event 16 - Seniors: 5 x Yr 11, 5 x Yr 12/13 as the towers, and 10 more of either level as towees. The towees should be good swimmers!

Event 17 - Juniors: 5 x Yr 9, 5 x Yr 10 as the towers, and 10 more of either level as towees. Each house swims in lanes as per page 2 of the programme.

RACE RULES:

You have 10 students at the deep end who are to tow/ pull the other 10 students down the pool one at a time. The 10 towees are also at the deep end. On the hooter the first towee gets into the tube and swims it down to touch the wall at the shallow end. Once that person touches the wall the towers haul them back to the deep end of the pool so the next student can get in the tube.

The 1st House to tow 10 students back to the deep end will be declared the winner.

Health & Safety

Before a Swimmer has completed their length they must get themselves out of the tube to touch the shallow end wall. Swimmers then hook their arm into tube for the tow. Swimmers must then release their hooked arm at the backstroke flags in the deep end to then swim and tag next swimmer ready with the tube. The completed swimmer must get out of pool before the next swimmer starts being towed back.

- Houses must have someone at the shallow end of the pool to signal when the swimmer is out of tube and has touched the end to then get towees towing.
- Houses must have someone at the deep end of the pool to encourage the swimmer to let go of the tube at the backstroke flags to ensure swimmer swims to the end and complete tag.
- **Any violation of these rules will mean disqualification, so look after those little tubers.**

BOOGIE BOARD RELAY

There will be three races - junior, intermediate and senior. 8 students in each race, 4 at each end. The first swimmer must paddle the boogie board down the other end of the pool. He and the board must touch the end before the next contestant starts.

THE BIG SPLASH (Included as a novelty event only ie no house points.)

Each house will provide 1 student from each age group.

The object is to jump off the platform and make the biggest splash.

A panel of independent and objective judges will hold up score cards which may or may not be relevant to the amount of water displaced, and the height of the splash.
