		BYO Device	
Tikanga ā kura			
Ultrafast Chemistry	1	1B8 Exercise Book Punched 7mm Ruled 36 Leaves	
		BYO Device	
Visual Art			

#### **BYOD (Bring Your Own Device)**

The school encourages the use of a device in the classroom. For those who are unable, the school has a pool of laptops for students to borrow from the computer suite. The student will need to sign a contract to borrow this laptop at no charge. If a student wishes to bring their own device to school, the particular type is not important it can be a Mac or a windows based system they must be able to connect into the school's wifi system. If your son is doing Art Design, many students prefer an Apple Mac but a windows system will suffice. In the senior school, students tend to move from using tablets/i-pads to computers because of the need for a keyboard and a touchpad. As students may use their device for five classes, battery life is important, also portability and a robust case to protect the device.
